Our Elementary Religious Education Program

Our elementary religious education program offers classes to children 3 years old through 5th grade. Church of the Risen Christ also offers a middle school program for students in 6th-8th grade as well as a "Life Teen" program for high school students.

Our goal is to assist you in creating a household of faith where each member of the household recognizes the presence of Christ in the love, care, and support shown to one another.

We realize that parents are the “first and foremost” educators of their children, and your child’s faith formation begins in the home. How you live your faith has a much greater impact and influence on your child than any one hour program offered weekly in a classroom setting. And, attending Mass together each weekend teaches children more about the importance of praying together than any text book lesson on the Mass!
